Education

Wesleyan University–Philippines

Nueva Ecija, Philippines

Bachelor of Science in Computer Engineering

Expected Graduation: June 2027

Thesis: *IRIS: Intelligent Real-Time Information Scanner — A Cross-Platform Approach to Philippine Online News Verification*

Honors: Best in Oral Presentation, Likhang WUP 2026 (Science and Technology Category)

Midway Colleges

Nueva Ecija, Philippines

Humanities and Social Sciences Track

Design & Technical Experience

CECT College Local Council

Wesleyan University–Philippines

Nueva Ecija, Philippines

Public Information Officer

2024 – 2025

- Designed a seven-poster tryout campaign for Palarong Wesleyan 2024, spanning basketball, volleyball, chess, table tennis, sepak takraw, and two esports titles
- Built each poster as a layered Adobe Photoshop composite, cutting out, re-lighting, and shadowing separate source images so they read as a single photographed surface
- Maintained one identity system — university lockup, council seals and college footer — across seven distinct visual treatments
- Produced announcement and event collateral for the college throughout the term

FullPlate — Restaurant Management Website

Independent Project

Designer and Front-End Developer

June 2026

- Designed the complete interface and built the front end in HTML, CSS, and JavaScript
- Deployed to production on Vercel, with source published publicly on GitHub
- Structured the site across Home, About Us, and Contact Us behind a fixed navigation and full-bleed photographic hero

Inventory & Sales Forecasting Dashboard

Independent Project

UI/UX Designer

August 2025

- Designed three connected screens — dashboard, inventory, and forecast — as mid-fidelity mockups
- Structured data-dense views covering sales forecasting, restock alerts, a searchable product table, and profit analysis
- Carried one navigation and header system across all three screens

Leadership & Activities

Institute of Computer Engineers of the Philippines (ICPEP) – Student Edition, WUP Chapter

Nueva Ecija, Philippines

Treasurer

2026 – Present

- Maintain chapter finances, recording collections and disbursements and reporting the chapter's financial position.

External Vice-President

2025 – 2026

- Managed the chapter's external relations, coordinating with partner organizations and representing the chapter at inter-institutional activities

First Year Representative

2023 – 2024

- Represented the first-year cohort on the chapter's executive board, relaying member concerns and coordinating year-level participation in chapter activities

CECT College Local Council

2024 – 2025

Public Information Officer

- Elected communications officer for the college; design output detailed under Design & Technical Experience

Likhang WUP 2026

Science and Technology Category

Wesleyan University–Philippines

Departmental Representative

February 2026

- Selected as one of two departmental representatives to defend *InternTrail: A Web-based On-The-Job Training Management System* — a system designed, built, and tested by graduating seniors — at the university-wide research competition
- Studied the entire work to defend it unaided, covering system architecture, testing methodology, rationale, objectives, and statistical results
- Answered unscripted questioning from a panel of expert judges; awarded Best in Oral Presentation, with the entry recognized as Best Paper

Skills & Interests

Technical: Adobe Photoshop (advanced), Figma, Canva, Krita; HTML, CSS, JavaScript

Language: Filipino (native), English (fluent)

Interests: Semi-realistic digital/traditional illustration; Japanese fiction and popular science writing; church and barangay volunteer work
